

Competitor 1 QPS Online Crime Map

https://gps-ocm.s3-ap-southeast-2.amazonaws.com/index.html

KEY FEATURES

- Filter by suburb, postcode, or police division
- Offence type and date range filters (up to 5 years)
- Cluster or heatmap view toggle
- Export data as PDF or Excel
- Time-of-day breakdown (6am–2pm, 2pm–10pm, 10pm–6am)

STRENGTHS VS LIMITATIONS

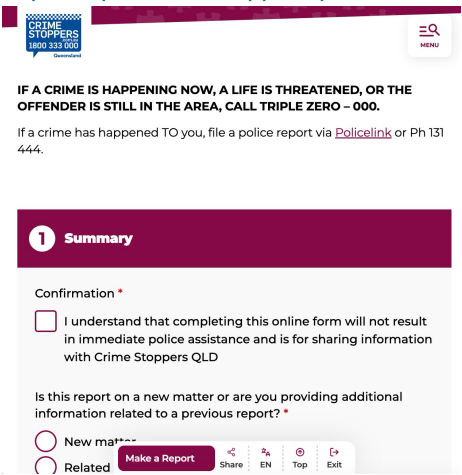

Strengths	Limitations
• Official QPS data - highest authority • Free, no login required • Daily updates, 5-year history • PDF/Excel export	• Read-only - zero reporting capability • Historical only, no live incidents • Web only, no mobile app • No police dashboard or management tools

WHAT RADIUS DOES DIFFERENTLY

RADIUS lets the public submit reports live - QPS map only shows what police already logged
RADIUS has a police dashboard with AI summary and status management - QPS map has none
RADIUS captures unreported incidents - QPS map only reflects formally recorded offences

Competitor 2 Crime Stoppers Queensland

https://report.crimestoppersqld.com.au/report-form/

KEY FEATURES

- Fully anonymous - no IP logged (Tor network)
- 24/7 phone hotline: 1800 333 000
- Unique reference code per tip
- Reward up to \$1,000 for tips leading to arrest
- ~6,000 tips/month; 590 arrests in 2023/24

STRENGTHS VS LIMITATIONS

Strengths	Limitations
• Gold-standard anonymity (Tor network) • 35+ years of trust and proven outcomes • Rewards incentivise quality tips	• No map or geospatial visualisation • No feedback after submission • Unstructured freetext only - no GPS or photo

• Independent of police - reduces fear	• Not designed for everyday low-level incidents

WHAT RADIUS DOES DIFFERENTLY

RADIUS shows a live hotspot map - Crime Stoppers has no visualisation at all
RADIUS collects GPS-tagged, categorised - Crime Stoppers is freetext only
RADIUS gives reporters status updates - Crime Stoppers provides zero feedback after submission

Goes where you go

You can Snap Send Solve all across Australia and Aotearoa New Zealand.

KEY FEATURES

- Photo capture - up to 5 photos, under 30 seconds
- GPS auto-routing to the correct council/authority
- Categories: graffiti, dumping, parking, vandalism, potholes
- In-app status notifications and 'Nudge' follow-up
- Brisbane City Council is an active partner

STRENGTHS VS LIMITATIONS

Strengths • Best mobile UX - report in under 30 sec • GPS auto-routing removes friction • BCC partner - reports reach right place • Status notifications close the feedback loop	Limitations • Routes to councils - NOT Queensland Police • Serious crimes are completely out of scope • No crime hotspot map or visualisation • No anonymous reporting option
--	---

WHAT RADIUS DOES DIFFERENTLY

RADIUS routes to a police dashboard - Snap Send Solve routes to councils only, bypassing QPS
RADIUS handles serious crimes (assault, robbery, weapons) - Snap Send Solve explicitly excludes these
RADIUS builds a cumulative crime hotspot map - Snap Send Solve reports close individually with no crime picture
